## PERSONAL PROJECTS

•**SyncCode Hub** | *React, Node.js, Socket.IO, CodeMirror*      GitHub | Demo

- Developed a real-time code synchronization application using React, Node.js, and Socket.IO.
- Integrated CodeMirror as the code editor for seamless code editing experience.

•**Task Scheduler** | *Node.js, Express, MongoDB, React, Node-schedule, Nodemailer*      GitHub | Demo

- Implemented CRUD (Create, Read, Update, Delete) operations for managing tasks and users.
- Integrated node-schedule for scheduling tasks at specific times and dates, providing automation capabilities.
- Utilized Nodemailer to send email notifications to users for task reminders and updates.

•**Passport Authentication App** | *Node.js, Express.js, Passport.js, EJS, MongoDB Atlas*      GitHub | Demo

- Developed a web application for user authentication.
- Implemented local authentication strategy for secure user login.
- Utilized MongoDB Atlas for cloud-based database hosting.

## SKILLS

- **Languages:** C/C++ ,Java, JavaScript, HTML/CSS, Python
- **Frameworks:** Node.js, Express.js, Bootstrap, React.js, EJS
- **Tools:** Git/GitHub, MongoDB, Mongoose,REST API
- **Core Subjects:** Data Structures and Algorithms, OOPS, DBMS, OS,CN

## EDUCATION

- **Thapar Institute of Engineering and Technology**      *2025*
  *B.E Electronics and Computer*      CGPA: 7.60
- **DIPS institution of management and technology**      *2020*
  *Senior Secondary, CBSE, Punjab*      Percentage: 94.8

## ACHIEVEMENTS

- Semifinalist in a 24-hour BlackRock Hackathon
- Ranked 162 in IIT Guwahati hackathon for predicting healthy lifestyles.
- Solved 200+ DSA problems on LeetCode and Codechef.
- Top 25% in IIT Guwahati's Summer Analytics 2023.      Certificate Link
- Completed 20+ Python projects taught by Dr. Angela Yu.      Certificate Link
